1

I

Aprire l'imballo e porre la struttura a terra con le traverse di ferro verso l'alto come mostrato in fig.1.

GB

Open the packaging and place the structure on the ground on a soft surface, with the metal frame facing upwards fig.1

2

I

Prendere i 4 piedini, distinguendo i due piedini fissi H con quelli regolabili I

GB

Take the 4 feet and divide the 2 fix feet H from the adjustable ones I

D

Die 4 Füße in die entsprechende Einkerbung A eindrehen, wie in Abb. 2 gezeigt wird. Nach Abschluss dieses Vorgangs, die Struktur umdrehen und in die "normale" Position stellen.

F

Visser les 4 pieds dans l'emplacement A prévu à cet effet, comme indiqué sur la fig.2. Une fois l'opération terminée, tourner la structure en la mettant en position "normale".

3

2

3

4

1

Avvitare le 4 gambe fig. 2-3 facendo distinzione alle 2 gambe anteriori H e le due gambe posteriori I. Le alette di fig.4 indicano il verso della struttura.

GB

Screw the 4 feet fig. 2-3 by distinguishing the 2 front feet H from the back ones I. The wings show in fig.4 show the frame's direction.

4

5

1

Procedere con l'avvitamento della pediera e dei longoni utilizzando le viti C. Attenzione al verso di questi ultimi.

GB

Proceed screwing the footboard and the bars by using the screw C. Pay attention to the bars direction.

5

6

1

Appoggiare il rivestimento alla struttura.

GB

Place the covering on the frame.

6

7

1

Iniziare il montaggio del rivestimento dai due angoli della pediera, facendolo calzare alla struttura.

GB

Start assembling the covering from the two corners of the footboard, so that it fits the structure.

7

Posizionare la testata allineando i fori, inserire le viti B.

Position the headboard by align the holes, insert the screws B.

8

1

posizionare i 4 tappi F come mostrato in fig. 12.

GB

Position the 4 caps F as shown in fig. 12.

9

1

Posizionare i due piani sonno legno

GB

Position the two wooden bed's surfaces.

10

Se i 4 piedini posteriori non appoggiano al terreno, regolare i piedini I.

If the 4 back feet doesn't touch the ground use the 2 adjustable feet I.
